Join us for a visit to Polk School District’s Mobile Minds program to see a one-to-one program that engages all students. Learn how the technology infrastructure supports innovation in teaching and learning. Hear from members of the school community, and visit classrooms to discover the possibilities that mobile learning provides. Here’s what you can expect during your visit:

- Talk with educator colleagues about visions, decisions, observations, and questions about learning with Apple technologies.
- Visit classrooms where technology is integrated into the curriculum rather than covered in standalone technology classes.
- See iPad in action across the curriculum (classroom observations in different curricular areas).
- Interact with teachers and students to learn how mobile devices have changed the classroom environment.

**Agenda**

8:30 a.m. Welcome
8:45 a.m. Program overview: The journey to becoming a one-to-one learning program
9:15 a.m. Campus tour and classroom visits
10:45 a.m. Panel discussion: Transforming teaching and learning with mobile devices
11:15 a.m. Closing remarks

**Details**

May 5, 2015
8:30 a.m.–11:30 a.m.
Cedartown High School
67 Frank Lott Drive
Cedartown, GA 30125
