Polk School District named Apple Distinguished Program

Polk School District is pleased to announce that it has been recognized as an Apple Distinguished Program for 2014-2016 for its implementation of the Mobile Minds Program.

The Apple Distinguished Program designation is reserved for programs that meet criteria for innovation, leadership, and educational excellence, and demonstrate Apple’s vision of exemplary learning environments.

The selection of Polk School District as an Apple Distinguished Program highlights our success as an innovative and compelling learning environment that engages students and provides tangible evidence of academic accomplishment.

“Our selection as an APPLE Distinguished Program recognizes the accomplishments of our teachers, administrators, and staff. Today’s generation of students learn much differently than previous generations. They have never known a world without mobile devices connected to the Internet. Therefore, we determined these powerful and dynamic tools should be used to enhance and extend the learning through innovative technology.”
