Adjectives Crossword Puzzles

This packet contains two crossword puzzles. Use the crossword puzzles to aide students in identifying and using adjectives to describe nouns.

Print pages 1 & 3 on cardstock. Then place the same cardstock back through the printer to print the directions & sentences on pages 2 & 4 on the backside. Therefore it will be double sided. Cut the cardstock on the blue line and then laminate. Provides a great center activity for reinforcing adjectives. Students can use wet erase markers on the laminated cards.
